

WATCH OUT FOR CLAIMS PREDATORS!

THEY WANT TO PREY ON YOUR BENEFITS.

WHAT ARE CLAIMS PREDATORS?

Claims predators are “bad actors” who unlawfully charge Veterans a fee to “help” them process their claims with the Department of Veterans Affairs (VA). They target Veterans by offering paid services for initial claims, reviews, and appeals.

CLAIMS PREDATORS TACTICS

- *Charging High Fees:* Predatory companies charge absurd fees or require Veterans to pay a portion of their VA benefits. Veterans should **never** pay anyone a fee to file an initial claim for benefits.
- *Making Dishonest Promises:* Veterans should never trust anyone who states they can help accelerate the claims process and obtain a 100% disability rating. Only VA has the authority to determine disability evaluations.
- *Requiring Contracts:* Veterans should never sign a contract agreeing to pay an individual or company a percentage of any benefits award in exchange for help with a VA initial claim for benefits.

WHAT YOU SHOULD DO

- If a Veteran suspects a representative acted unlawfully or unethically while assisting them in filing a VA benefits claim, they should immediately file a report at www.vsafe.gov or by calling **833-38V-SAFE**.
- If a Veteran misses a VA benefits payment, identifies a payment discrepancy, or finds suspicious activity with their direct deposit account, they should contact VA immediately at **800-827-1000**.
